TRAN QUANG DUNG

Full-Stack Developer Intern

Phone: 0779461536
Email: tqd0105@gmail.com
Website: https://bit.ly/tqd0105_porfolio
Github | Linkedin /tqd0105
Address: Thu Duc, TP.HCM

OBJECTIVE

As a motivated and creative IT student and full-stack developer, I enjoy transforming ideas into useful products that solve real-world problems. I am confident working with the *MERN Stack*, as well as modern technologies like Next.js and relational databases (PostgreSQL, MySQL). Having completed two comprehensive projects, I believe I would thrive even more working in a professional environment with clear processes and learning from experienced colleagues. Therefore, I am eager to join your company as an intern to work diligently, create significant value, and sustainably improve myself.

EDUCATION

Sep 2023 - Sep 2027 **UTH - University of Transport Ho Chi Minh City**
Major: Information Technology
GPA: 3.4/4.0

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3
FE Frameworks	React.js, Next.js (App Router), TailwindCSS
Backend	Node.js (Express.js), RESTful API design
Database	PostgreSQL (Prisma ORM), MongoDB (Mongoose), MySQL
DevOps & Tools	Git/GitHub, Linux (Debian), Postman, Docker, Vercel, Render, Supabase

OTHER SKILLS

Soft Skills	Communication, Problem-solving & Debugging, Adaptability, Teamwork, Time Management
AI Tools	Github Copilot, Cursor, Claude CLI, Codex
English	Reading technical documentation, Communicating in technical discussions, Writing documentation and reports

PROJECTS

03/2025 - 06/2025 **SPACEZONE - SOCIAL MEDIA WITH REAL-TIME CHAT**
FullStack Developer | Personal Project
A full-stack social media web application with real-time messaging, user authentication, and interactive features such as posts, comments, friend connections and profile customization.
Responsibilities

- Built responsive and user-friendly interfaces using *ReactJS* and *TailwindCSS*.
- Designed and developed RESTful APIs using Node.js and Express.js for user, post, and messaging services.

- Implemented secure user authentication and authorization using *JWT*.
- Implemented real-time messaging using Socket.IO for instant user communication.
- Designed *MongoDB* schema and implemented efficient data models for users, posts, friendships, messaging features and profile data.
- Designed and implemented social interaction features (likes, comments, connections), improving user engagement and system interaction flow.
- Integrated frontend with backend APIs, ensuring smooth data flow, validation, and error handling.
- Deployed and maintained full-stack application using GitHub Pages (frontend) and *Render* (backend).
- Managed source code and version control using *Git* and *GitHub*.

Technologies

- Frontend: ReactJS, TailwindCSS
- Backend: Node.js, Express.js, Socket.IO
- Database: MongoDB
- Deployment: Github Pages, Render
- Tools: Git/GitHub, VSCode, Postman, Docker

07/2025 - 10/2025

LIGHTBRAVE.EDU - STUDENT MANAGEMENT WITH QR CODE

FullStack Developer | Personal Project

A web-based student management system with QR code attendance tracking and role-based access control for teachers and students.

Responsibilities

- Designed and developed scalable backend services using Node.js, Express.js, and TypeScript, exposing RESTful APIs for business logic and data processing.
- Designed relational database schema using PostgreSQL and Prisma ORM, handling complex data relationships.
- Implemented secure authentication (JWT) and role-based access control (RBAC) for user authorization.
- Applied backend security practices including password hashing and request validation.
- Developed frontend features using *Next.js (App Router), TypeScript* and built responsive interfaces with TailwindCSS.
- Developed QR code-based attendance system to automate student check-in process.
- Managed source code and version control using *Git* and *GitHub*.

Technologies

- Frontend: NextJS, TailwindCSS, TypeScript
- Backend: Node.js (Express.js), TypeScript
- Database: PostgreSQL
- Deployment: Vercel, Render
- Tools: Git/GitHub, VSCode, Postman, Docker
